

Action Required: Westfield Sells Flood Business to Wright Flood

Dear Agency Partners,

Westfield has reached an agreement to sell its flood business to Wright Flood, the nation's leading provider of federal flood insurance.

Wright Flood has more than 40 years' experience exclusively servicing policyholders in this specialized market. The company is widely recognized for its expertise, claims response and long-standing commitment to partner with agents and policyholders, especially at the time of a flood loss.

What You Need to Know

- **Customer notification** – Wright will notify customers and mortgage lenders of the transition to Wright. Agents will be on copy for this customer communication.
- **Partnering with Wright Flood** – The Wright team will be reaching out to all Westfield Flood agents with information about contracting and quoting on the Wright platform.
- **Beginning with new policy quotes with an effective date of February 1, 2022 and later, we ask you to please send those directly to Wright Flood for processing.** Any outstanding new business quotes prior to February 1, 2022 effective dates will be processed through Westfield.
- **All policies that have been issued under Westfield will be serviced until expiration.** Westfield will continue to service in-force policies until the renewal with Wright Flood.
- **Renewal offers with effective dates of April 1, 2022 and later will be sent by Wright Flood.** The “renewal offer” from Westfield will be suppressed, so customers will receive a renewal directly from Wright Flood along with additional information about Wright.

If you have any additional questions or would like to learn more about Wright Flood, please contact the Westfield Flood team at (855) WSI Flood or (855) 974-3566.

We are confident this will be a seamless transition for agents and customers. We appreciate your continued partnership.

Sincerely,

Craig Welsh

Chief Distribution Officer, Westfield
